

Withholding Tax, School Bills Offered

LITTLE ROCK (AP) — Education leaders of the Arkansas House expressed general approval today of a bill to eliminate state aid for school districts which do not collect 30 mills in local taxes.

The bill was introduced in the Senate Thursday by Sen. Joe Lee Anderson of Helena. The present minimum is 18 mills (\$18 per \$1,000 of assessed valuation).

Rep. L. H. Autry of Mississippi Co., chairman of the House Education Committee, said he favored the bill and that it has a good chance of passing the House if it gets through the Senate.

Autry, a school superintendent at Burdette, called the bill a move in the right direction on school financing.

Rep. G. W. Turner Jr. of Jefferson Co., an elementary school principal at Pine Bluff called the proposed a good bill and said it would force the districts affected to pay a fairer share of school costs.

Jackson Co., Rep. Lonnie Etheridge, a former school official, said he felt any school districts should be willing to help itself that much. The only opposition came from Rep. Ode Maddox, superintendent at Oden in Montgomery County. He said the bill would affect the largest district, Mount Ida, and added offhand I don't think I could support it.

Gov. Orval E. Faubus proposed revision of state land and water agencies and a withholding tax bill were among other proposals advanced in the legislature Thursday.

Education department records showed that the proposal would hit 25 school districts, most of them small ones already faced with finance problems.

School taxes in Arkansas range from 18 mills (collected in only three small districts) to 51 mills.

Anderson said his bill was another move to encourage consolidation of smaller districts.

Forrest Rozzell, executive secretary of the Arkansas Education Association, said the AEA had

Move on to End G&F Commission

EL DORADO, Ark. (AP) — A move to gain opposition of wildlife association in Arkansas to a move to transfer control of the Arkansas Game and Fish Commission to the legislature was begun here Thursday.

Union County Wildlife Association President James M. Eubanks said letters have been sent by his group to the associations, urging them to oppose a measure Rep. Claude Collier of Greene County has said he will submit to the general assembly.

Letters have also been sent to Gov. Orval E. Faubus and members of the state legislature, Eubanks said.

Eubanks said the letter told the officials and associations, we do not need the legislature or any governing group to take control of the Arkansas Game and Fish Commission.

We believe that men experienced in this field — technicians and biologists — have more ability to make decisions regarding the game situation than legislators who are trained in lawmaking.

Wants \$3.1 Million for County Roads

LITTLE ROCK (AP) — Little River County Judge Ray Sikes gained approval Thursday of his plan to seek \$3.1 million to implement Act 149 of 1959 and said conferences with legislators would be held next week on a possible appropriations bill.

Sikes had proposed the program to initiate the act Tuesday at the annual convention of the Arkansas County Judges Association.

The act created a division of the state Highway Department to make aid available to certain county roads, but funds have never been allocated to implement it.

Sikes told the 54 county judges attending the convention that he had backed a county road-aid bill two years ago and had suffered reprisals from the state Highway Department. He said other county judges could expect the same if they worked for an appropriation.

The bill referred to by Sikes requires the Highway Department to spend a minimum of \$100,000 in each county on road improvements. It expires this year.

Sikes said the Highway Department had dragged its feet on work in his county.

He also said a bill will be introduced in the 1963 legislature to up county judges salaries from some \$3,000 to \$5,000 a year.

200 Die in Europe's Worst Storm

By ANTHONY WHITE

LONDON (AP) — Europe's killer winter, which already has taken more than 200 lives, showed signs of slackening its grip on parts of northern Europe.

The southern fringes of the continent still reeled under storms, blizzards and intense cold that left a fresh trail of floods, wreckage and death from the Atlantic to the Black Sea.

Spain, Portugal, Italy, Greece, Yugoslavia, Turkey, Bulgaria and part of the Soviet Union were hit by a winter's fury concentrated on the south.

In Denmark, West Germany and Belgium, it was a little warmer. Britain, almost totally snowbound for more than a month, expected a slight thaw within 24 hours.

Britons continued to struggle with snow, ice, freezing fog, fuel shortages, cuts in electricity and gas, and thousands of burst water mains.

Authorities planned a 4,000 truck coal lift during the weekend to get fuel from pileheads to areas almost out of coal.

The death toll in Britain from the cold stood unofficially at more than 100. Yugoslavia reported 29 dead, Italy 24, West Germany 18, the Netherlands 20, Austria 6, Greece 3 and Turkey 3.

Fierce storms struck the coasts of Spain and Portugal. Two Spanish ships were in difficulty in storm-swept bays of southern Spain. Those aboard the ships were reported in no immediate danger.

Snow fell for the fourth straight day in parts of Italy's central Apennine Mountains. Some 300 communities are isolated.

Radio reports from Bulgaria indicated a major crisis as the country lay under more than three feet of snow.

Moscow radio reported the Soviet Black Sea republic of Moldavia was having its coldest winter in 60 years.

Artmobile Is Doing Big Business

The Arkansas Artmobile unit, sponsored by the Hope Junior Auxiliary, is doing a big business at 6th and Main Streets as shown by the above picture when they were waiting in line.

The exhibit, free to the public, is open until 9 p.m. each night and will remain here through January 27

Farm Bureau Members Air Problems

County-wide Farm Bureau membership Captains' dinner meeting was held this week at the Diamond Cafe.

Discussion of major issues facing farmers, and why farmers should be a member of an organization to represent their interest was made by membership chairman, R. D. Huffman.

Plans for a District Kick-off meeting were made, which will be Thursday January 31st, in Texarkana, at 10:00 a.m. All people planning to go will meet at the Farm Bureau Office at 9:00 a.m.

Also plans were made for the County Kick-off membership support for Directors, Captains, workers and their wives, Feb. 4th, at 7:00 p.m. at the Barlow Hotel.

E. Godwin, 85, Dies at His Home on Friday

Elsie Godwin, aged 85, a long-time resident of this area, died at his home Friday.

He is survived by his wife, Mrs. Mattie Godwin; two sons, John W. and Cecil E. Godwin, both of Hope; two brothers, L. C. Godwin of Hope and Ansley Godwin of Texas; two sisters, Mrs. Emma Millican of Hope and Mrs. Perrie Foster of El Dorado.

Services will be announced by Herndon-Cornelius.

Mayor Wants a Monkey Cage

CROSSETT, Ark. (AP) — Mayor Vaskell Carter cast the first vote of his 8-year career as mayor Tuesday night — for a monkey cage.

Carter's vote broke a tie by aldermen on whether to spend \$250 for the all-weather cage to house monkeys at the city park.

The last monkey to be kept at the park's small zoo died from exposure to cold weather. The park wants to buy two more now, and plans better housing for them.

Man Dies, 133 Descendants

HOT SPRINGS, Ark. (AP) — An elderly retired farmer died here Thursday, leaving 133 direct descendants. He was Phineus M. Williams, 87, a resident of Garland County for the past 52 years.

Descendants are four sons, eight daughters, 38 grandchildren, 63 great grandchildren and 20 great great grandchildren.

McClellan Would Curb Strikes

WASHINGTON (AP) — Sen. John L. McClellan D-Ark. termed strikes affecting transportation strikes against the public Thursday and called for immediate laws to curb them.

McClellan, chairman of the Senate Investigations subcommittee, said the dock strike that has tied up shipping from Maine to the Gulf Coast has cost the American economy at least \$1 billion and the federal government the loss of \$300 million in revenues.

He told the U.S. Chamber of Commerce Public Affairs Conference the dock strike is an example of the crippling power held by unions.

This strike was a clear example of one that was intended to produce a public disaster which, by its awful consequences, would extort from the public an award extravagant enough to appease those who control the aggressor monopoly power.

Such powers exist only in leaders of transportation unions now, he said.

The senator urged support for a bill he is sponsoring to apply anti-trust laws to prevent concerted strikes affecting transportation.

He said he was seeking approval of a measure that would give the federal government a way to deal with which it is afflicted today in dealing with such strikes.

3.5 Million Visit State Lakes

LITTLE ROCK (AP) — The Little Rock district office of Army Engineers reported Thursday nearly a half-million more visitors stopped at the nine dam and reservoir projects it controls last year than in 1961. Clearwater and Table Rock dams, both in Missouri, drew the most visitors — more than 3,500,000, engineers reported. Bull Shoals, with 2,191,800 and Norfolk with 1,206,300 were the other two attracting over one million visitors. Both are in north Arkansas. There were 8,227,300 visitors to the nine projects in 1962, compared to 7,728,300 in 1961.

Some Relief

TOLEDO, Ohio (AP) — It was 17 below zero here Thursday, but people passing a certain drug store were seen chuckling.

The reason? On the store was a sign asking, 'Ain't this a relief from the heat?'

Weather in Arkansas Still Cold

By THE ASSOCIATED PRESS

Arkansas' weather was slightly warmer this morning, and southerly winds were expected to send temperatures higher until Sunday, when a high pressure cell moving in from Canada was expected to send them skidding again.

Skies were generally clear over the state today, but increasing cloudiness was forecast for Saturday. Some rain was expected in the southern portions of the state late Saturday afternoon.

Hazardous driving conditions produced by the icy weather earlier in the week generally have abated, and most schools have resumed classes.

High temperatures today were expected to range from 30 to 40, and lows of 20 to 30 were forecast for tonight.

Overnight lows today ranged from eight degrees at Fayetteville and Walnut Ridge to 17 at Texarkana. No precipitation was reported in the state during the 24-hour period ending today at 6 a.m.

Kennedy Is Irritated With DeGaulle

By JOHN M. NIGHTOWER

WASHINGTON (AP) — President Kennedy was reported today to have been deeply irritated by the accusation made by President Charles de Gaulle of France that the United States cannot be depended upon to defend Western Europe with nuclear weapons.

The President told a news conference Thursday that such an argument is inaccurate and not really in the interest of the Western alliance. He declared that the United States has never had the slightest doubt that Gen. de Gaulle would respond to the needs of the alliance, and added sharply:

I would hope that our confidence in him would be matched by his confidence in us.

Kennedy said that although everyone might not believe in the U.S. commitment to defend Europe, I believe that Chairman Khrushchev does, and I think he is right.

To some at the news conference, Kennedy seemed to display indignation as he asserted that the United States would defend Europe by whatever means are necessary. Informants said later that the President was deeply irritated by the argument which De Gaulle had made at a Paris news conference last week in support of his decision that France must go on building its own nuclear weapons force.

In defiance of a Gaulle's stand for a French national nuclear force, Kennedy announced immediately following his news conference the formation of a high powered diplomatic-military team to prepare proposals for a North Atlantic Treaty Organization nuclear force and to negotiate with allied governments in Europe.

The White House said that French officials as well as others would be consulted.

To head the task force Kennedy called Ambassador Livingston T. Merchant out of retirement. Merchant is a former undersecretary of state in the Eisenhower administration and a career diplomat highly regarded in Western Europe.

How it happened, Madden isn't sure, but federal funds needed to supply water that would bring a new plant to Yellville somehow wound up allocated to a playground project in the northern part of Marion county.

Madden says as nearly as he can figure it, he and the Corps of Engineers were unwittingly working at cross purposes—both after the same funds.

Only, the Engineers got their first and then Yellville's application arrived, it was too late.

Last year Yellville residents worked out a plan to get a federal grant of \$68,000 to help pipe water from a new source to the town. This would both relieve a perpetual shortage the city has experienced and set a new industry, North Arkansas Woods Products, in operation.

Residents approved and sold \$124,000 in revenue bonds to finance location of the industry, which was constructed is ready to go into operation with some 75 employees—when water is available.

The town applied to the Community Facilities Administration for the \$68,000. After two months, when there was no action on the application, Madden investigated.

The Engineers, about the same time had sought \$150,000 from the CFA for development of Ozark Isle, a project on Bull Shoals Lake.

The application of Yellville was turned down. Madden said he was told, because \$150,000 is all the money allocated Marion County under a law designed to promote employment in economically depressed areas.

There is hope though, he said. The Engineers say they had no idea the city was seeking the funds and they have not yet gained approval of plans for the Ozark Isle work.

I may wind up sitting on the White House steps next week," Madden said.

Billy Sol Gets 8 Year Sentence

TYLER, Tex. (AP) — Billie Sol Estes, the bankrupt promoter whose downfall led to congressional probes, received an eight-year prison sentence Thursday.

Dist. Court Judge Otis T. Dunagan sentenced Estes on swindling charges after denying a defense motion for a new trial.

Lawyers for Estes gave immediate notice of appeal. Estes remained free under \$5,000 bond posted by his father and a brother.

Estes is under \$130,000 bond in other criminal cases, both state and federal.

Bill Up for Dams on State River

WASHINGTON (AP) — Rep. James Trimble, D-Ark., has introduced in Congress a bill for authorization of Lone Rock and Gilbert dams on the Buffalo River in northern Arkansas.

The bill is similar to legislation Trimble introduced during the last session of Congress. It calls for modification of the comprehensive development plan for the White River Basin.

Involved would be authorization of hydroelectric facilities at the proposed Lone Rock Dam, about 3 1/2 miles above the mouth of the river, and authorization of the proposed Gilbert Dam further upstream.

Lone Rock Dam has been authorized as a flood control project, but not for hydroelectric production. Gilbert has been proposed in the past by Army Engineers, but has not been authorized by Congress.

Smudge pots were started in the citrus groves of Florida after forecasters predicted possible freezing weather. However, it appeared that the icy air would not extend into the rich Everglades farming area in the southern part of the state.

It was freezing again in northern sections of Florida, with 22 in Tallahassee and 27 in Jacksonville. Readings were zero to 5 above in Kentucky and Tennessee and 10 to 20 in most other parts of the Southeast except Florida where temperatures in the north were in the 20s and in the 40s and higher in southern sections.

In the lower Rio Grande Valley of Texas, a cloud cover was expected to give some protection for citrus trees and vegetables although temperatures from 26 to 34 were indicated.

The Weather Bureau said temperatures were expected to moderate in the central and southern Plains, the middle Mississippi valley, the Ohio Valley, the middle Atlantic Coast states, Arkansas and Georgia.

Lowest temperatures during the early morning were 16 below in Minneapolis and 15 below in Glasgow, Mont., and International Falls, Minn. In the Northeast, it was -10 in Lebanon, N.H., -6 in Millinocket, Maine; -7 in Bangor, N.Y., and -4 in Providence, R.I., and Worcester, Mass. Chicago had its sixth straight day of subzero cold.

In Alaska, Anchorage reported 34 above.

Jet Plane Falls, Arkansan Safe

TAMPA, Fla. (AP) — Lt. Robert L. Harlan of Fayetteville, Ark., parachuted to safety Thursday before his F-84 jet fighter plane, loaded with fuel and .50-caliber machine gun ammunition, crashed and burned in a heavily populated Tampa residential area.

The plane, attached to the Tactical Air Command at MacDill Air Force Base, was making a practice landing approach when the engine failed. Harlan, 30, ejected from the plane and the crippled jet struck the corner of a house, then dug a crater in the front yard of Mr. and Mrs. John Meredith.

Blazing wreckage sprayed across the street into four other homes, setting them afire. Mrs. Jean Swanson, 22, suffered a slight cut.

Winter Staging Longest Siege of Season

By THE ASSOCIATED PRESS

Winter's longest and worst siege of cold weather clung to much of the nation today, causing a sharp rise in the death toll and threatening damage to crops in the Southland.

The huge cold air mass covered most of the country from the Rockies to the Atlantic Coast. It knifed deep into the South, where lowest temperatures of the century were recorded in some areas Thursday.

There was promise of moderating temperatures in some sections of the hard-hit midcontinent. But another stream of cold air headed from Canada into northern Midwest regions.

The coldest weather, with readings ranging from zero to 16 below, extended from northern Tennessee northeastward into the Northeast in the upper Mississippi Valley, northern sections of the middle Mississippi Valley and in most of the northern Plains. Temperatures, generally, were not as low as Thursday morning, but were far below normal levels in many areas.

Since the outbreak of the current cold weather earlier this week at least 12 deaths have been reported from exposure, asphyxiation, over-exertion in snow, fires and in traffic accidents on ice-covered highways.

The bitter cold also has forced the closing of thousands of schools, the shutdown of some industrial plants and a slump in business. Travel by train, plane, bus and auto was disrupted.

Standings of Small Colleges

By THE ASSOCIATED PRESS
Grambling, La., and Wittenberg, Ohio, continue to rank 1-2 among the nation's small college basketball teams today with unbeaten Southeast Missouri moving into a challenging position in the weekly Associated Press ratings.

For the third straight week Grambling received the most points in the balloting of the eight-man regional panel. The Louisiana school collected 64 points, three more than Wittenberg.

Southeast Missouri, meanwhile, jumped a notch from fourth to third. The Missourians won twice during the week and boosted their record to 13-0. They received 52 points and were listed first on three ballots.

Grambling, 15-1, and Wittenberg 11-1, had two first-place votes apiece. Akron, Ohio, collected the other first-place ballot. Records are based on games through Wednesday.

The top 10, based on 10 points for first, 9 for second etc., with first place votes and won and lost records:

Bucky Harris Returns to Senators

(ADVANCE 11 a.m., EST)
WASHINGTON (AP) — Bucky Harris, Washington's boy wonder manager when he led the old Senators to their only world's championship, returned today to help lift the new Senators out of 10th place.

Harris, a youthful second baseman when he was named manager in 1924 by the late Clark Griffith, responded by winning a pennant in his first year and whipping the New York Giants of John McGraw in the World Series.

The Harris-led Senators won the American League pennant again in 1925, but lost out to Pittsburgh in the World Series.

Harris also won a World Series title in 1947 as manager of the New York Yankees.

He was a player for 15 years and a major league manager for 29 years. He managed Washington 18 years over three spans, headed Detroit for seven years, the Yankees two years and spent one year each as manager of the Boston Red Sox and the Philadelphia Phillies.

Harris was general manager of the Red Sox in 1959 and 1960 and has performed special assignment duties for the Chicago White Sox the past two years.

Arkansas 4-H'ers Find Congress a Happy Experience

Because of their effective 4-H Club projects, two Arkansas youths earned honors and recently attended the National 4-H Club Congress in Chicago. Both report that theirs was a happy helpful experience.

Jane Pendergrass, 17, of Mountain Home, won the 1962 state home improvement program award. It is sponsored by the Sperry and Hutchinson Company, a new 4-H award donor.

Lowe **Miss Pendergrass**
Douglas Lowe, 18, of Russellville, won the state boy leadership program award. It is sponsored by the Sears-Roebuck Foundation.

Both 4-H'ers visited Chicago and met hundreds of club members from the 50 states and Puerto Rico.

More than 200 college scholarships worth \$105,000 were granted to 4-H Club members this year, according to the Co-operative Extension Service and the National 4-H Service Committee.

Celebrate 60th

Wedding Anniversary

Mr. and Mrs. Carroll E. Boyce celebrated their 60th wedding anniversary with Open House at their home on the Washington-Columbus road, Sunday afternoon, January 20th, from 2 to 5 p.m.

Tommy Boyce and Vann Boyce greeted the guests at the door and Mrs. Thomas J. Parkers and Mrs. William Gibson invited the guests into the living room where they met the honored couple, who were seated in Rocking Chairs by the fireplace. Mrs. Boyce wore an afternoon dress of black lace and pinned a white carnation corsage at her shoulder.

For the occasion the home was beautifully decorated with various pot plants and cut flowers, which were gifts from friends.

Miss Josephine Vann and Mrs. DeVaughn Freeland, granddaughters, had charge of the guest book, which was placed on a table in the living room that held an arrangement of cut flowers in their chosen color, pink and white.

The guests were invited into the dining room by Miss Suzanne Gibson, great-great granddaughter, and Jimmy Parks, great-great grandson. Coffee, Punch, decorated cake squares, nuts, mints were served from a table overlaid with a white satin and net cloth, centered with a three tiered Wedding Cake, beautifully decorated in pink rose buds and topped with a cluster of Lily of the Valley, encircled by the anniversary date "60th". On either end of the table were silver candelabra, holding pink candles. Seating in the dining room were Mrs. Vann Boyce, Mrs. Callie Dudley, Mrs. Tommy Boyce and Mrs. Irving Urey. All members of the house

party were their children, grandchildren and great-grandchildren, which included Mr. and Mrs. Tommy Boyce and son Tommy, Mr. and Mrs. Irving T. Urey, Mr. and Mrs. William Gibson and daughter, Suzanne, and Mr. and Mrs. DeVaughn Freeland of Camden, Mrs. Callie Dudley and Mr. and Mrs. Vann Boyce of Prescott, Mr. and Mrs. Thomas J. Parks, Miss Josephine Parks and Jimmy of Hot Springs.

Another granddaughter and her family, Mr. and Mrs. Billy Mulligan, David Nancy and Becky of Camden, and a grandson and his family, Dr. and Mrs. Thomas C. Urey, Caroline and Elaine of Ft. Worth, Texas, were unable to attend.

There were approximately 150 guests called during the appointed hours.

Bridge Club Meets

A local bridge club met with Mrs. Crit Stuart, Jr. on Tuesday evening, January 22. The two tables of players included two club guests, Mrs. Bob Moers and Mrs. Lynn Harris.

When scores were tallied, Mrs. Jud Martindale was high, Mrs. Homer Jones was second high, and Mrs. Wayne Russell won the game prize. Pine cones and winter greenery decorated the home, and dessert and coffee were served for refreshments.

Births

Mr. and Mrs. Virgil Archer, St. Louis, Mo., are the parents of their first child, born January 18. It is a girl, who weighed 7 lbs., 4 ozs. and has been named Karen Fay. Mrs. Archer is the former Fay Key of Hope.

Dr. and Mrs. Joe Martindale of Benton are the parents of a daughter, born January 22 at the St. Vincent Infirmary in Little Rock. She weighed 4 1/2 lbs. and has been named Susan Hart. The Martindales have two sons and this is their first girl. Mr. and Mrs. S. L. Murphy of Hope are the maternal grandparents.

Coming and Going

Mrs. Mable LaRue has returned home from an extended visit in Illinois and Missouri.

Lt. and Mrs. John Barr, Austin, Tex., were the weekend guests of Mrs. R. H. Barr and Mr. and Mrs. Gordon Bayless.

Mrs. S. L. Murphy went to Benton this week to be with the Joe Martindale family, while Mrs. Martindale and new daughter are in a Little Rock hospital.

Mrs. H. H. Darnall of Texarkana, Mr. and Mrs. L. R. Merrell of Chicago, Ill., and Col. and Mrs. W. S. Hedrick of Shreveport, La., will spend this weekend with Mr. and Mrs. Crit Stuart.

Mrs. Jeff Millican, Mrs. Jud Martindale, and Mrs. Cleo Smith went to Texarkana Tuesday for a Girl Scout service team orientation.

Mrs. C. C. Collins visited the Tom Berry family in Crossett several days last week.

Khrushchev Returns

MOSCOW (AP) — Premier Khrushchev returned to the Soviet Union today from the Communist party congress in Berlin, Tass reported. He reached Brest, on the Polish-Soviet border, and will spend several days in Byelorussia (White Russia), the Soviet news agency said.

Withholding

Continued From Page One

planned to sponsor legislation along the lines of the Anderson bill and probably would support it.

The AEA planned, Rozzell said, to ask that state aid be reduced on a percentage basis according to how much less than 30 mills the districts levy.

Anderson's bill would cut out all aid when the levy is less than 30.

Both Houses are considering bills to set up study commissions to look into the school situation and provide leadership for districts which might want to consolidate.

The withholding tax proposal, introduced in the House by Rep. Glenn Walther of Pulaski County, provides a break for the taxpayer rather than a windfall for the state.

Walther's withholding system would go into effect Jan. 1, 1964, and income taxes for 1964 would be withheld during the year. But it provides further, that the tax rate for individuals will be cut in half for 1963 and 1964 so that the taxpayer will not have to pay the tax twice in one year.

The income tax now is due May 15 on income earned during the previous year. Walther said the taxpayer in 1964 should not have to pay the full 1963 tax while he is paying for 1964.

Legislative Council discussions of withholding centered on the windfall the state would get by collecting income tax on a current basis instead of a year late.

Walther said withholding would reach many persons not now paying the tax, such as transients. He said it would increase revenue and might make room in the state revenue structure to permit taxpayers to deduct all or part of the federal income taxes they pay from gross income in computing the state tax.

Faubus' government reorganization would be accomplished by three bills. Duplicates of the measures were introduced in both Houses Thursday.

The bills would create three new commissions—Geology, Water and Soil Conservation and Planning.

The new Geology Commission would assume geological functions of the present Geology and Conservation Commission. The Water and Soil agency would replace the Water Compact and Water Conservation commission and the Soil Conservation Division of the present geological commission.

The new planning Commission would take over planning functions of the present geological body.

Each commission would have seven members, to be appointed by the governor. The governor also would name the salaried agency heads.

Both houses also got Thursday a Faubus-endorsed proposal to permit institutions of higher education to issue revenue bonds to finance construction of parking lots.

The Senate stayed in session Thursday only long enough for introduction of bills, then adjourned until 1 p.m. Monday. The House met for 90 minutes and decided to work again today, starting at 10 a.m.

Sen. Merle Peterson of Dumas introduced a bill to provide for a two-year driver's license at a cost of \$5. The present license, costing \$2, is issued annually. Additional revenue would go to the State Police.

Both houses got the general appropriations bill Thursday. This is the measure that must pass before any other money bill can be acted on.

The bill would appropriate \$1,832,214 in fiscal 1963-64 and \$1,811,114 in fiscal 1964-65 for operation of constitutional agencies and the courts.

Another House bill designed to please taxpayers was introduced by Rep. A. M. McKennon Jr., of Logan County. It would declare that the Arkansas cigarette tax is an impact on the consumer so the smoker could deduct such taxes on his federal income tax form.

Other House introductions included bills to exempt doctors who give free treatment in emergencies from malpractice liability, to set up a special commission to study reorganization of judicial districts and to prohibit sale of auto seat belts which do not meet certain safety standards.

The House passed five non-controversial measures Thursday, including Pulaski County Rep. Ben Allen's bill to set up a licensing procedure for dental specialists, such as orthodontists and oral surgeons.

Perry County Rep. Paul Van Dalsen's bill to raise the pay of general election judges and clerks from \$4 to \$6 a day also passed.

Gas Pressure Closes Plant

FORT SMITH, Ark. (AP)—Officials of the Norge plant here said Thursday operations have been suspended until Monday because of low gas pressure. The plant employs about 1,500 persons. It was shut down Wednesday, officials said, after a cold wave hit the state.

The secret of beauty lies in health and cleanliness. Your smile, for example, can be radiant only if your teeth are clean and in good condition. This girl (left) uses an automatic toothbrush to clean and polish her teeth. A flick of the

switch on the battery-powered handle assures her of a dazzling smile. The wise young wife (right) will have no health or figure problems as a result of her midnight snack. She concentrates on fruit, dark bread and skim milk.

Ex-Husband Casts Shadow on Her Life

By HELEN WORDEN ERSKINE

Dear Helen: This is a letter from a victim of good impulses. Read it and see if you don't think I should be hard-hearted for a change.

After six years of working to put my husband through college, picking up the pieces after his drunken driving convictions and penny-pinching at the expense of myself and our children, I finally divorced, asking only the minimum support for our children.

Because of them, I tried to keep things on a friendly basis. Finally, he became such a nuisance and so helplessly behind in alimony that I decided to write him off and move to another town where working conditions were better.

He followed and, much to my surprise, found a really good job here. Now he acts as if he couldn't live without the children. I allowed him to keep our son (aged four and a half) weekends but had to withdraw this permission because the baby suffered from irregular feeding and over-indulgence.

Now my ex-husband insists upon visiting us weekends, and is no more dependable than before; breaks promises, argues incessantly and is as undisciplined as a spoiled child.

He says if I move away again he will go to court and demand definite periods during which the children may stay with him. Our divorce states reasonable visitation rights. My lawyer says he might be granted the children for certain periods since he has stopped drinking and now contributes toward their support. He tells everybody how much he wants to help us but never does.

He declared bankruptcy and, since ours is a community property state, I am the target of all creditors. One garnishment cost me a good job. Our home is under a lien when he is in it and our small son terribly upset when he leaves. My main concern is the children's welfare. Would it be possible for me to keep him away from them altogether? —Long Suffering

Dear Long Suffering: Once you say "No" mean it. Small wonder your ex-husband behaves just as any small child or animal would do when disciplined" by such wibbly-wobbly methods. He'll continue to bluff until you take a firm stand. Either take him back for keeps or put him out of your life forever.

I realize, of course, that with children, this is easier said than done. If he has reformed, it would be, as your lawyer says, impossible to cut them off altogether from their father.

Your best bet is to keep the whole thing on a legal basis. Let the judge fix the visitation periods and adhere to them. Send a stamped, self-addressed envelope for my leaflet, Divorces and Separations."

Dear Helen: All my boy friend and I do is argue about my clothes. He wants me to wear slacks all the time. Once in a while, especially on Sunday, I like to wear a dress or skirt and blouse. He doesn't approve of nylon stockings, says they're for old ladies (we are both 19). I feel he has no right to dictate what I wear. After all, he doesn't own me, even though we are engaged and have known one another all most two years. Why should I bow down to his every wish? We used to get along as smooth as cream in coffee. Now, the cream is curdling. What's wrong? —Equal Rights

me. Maybe he isn't the boy for you. Better settle this clothes issue before the marriage. It's likely to be a surface indication of more serious trouble.

Dear Helen: Before you dish out moral advice I suggest you consult a minister, rabbi or priest on the spiritual aspects of marriage. You recently sided with a husband who did more for the family next door than for his own flesh and blood.

Nothing rattled me so much as your advice to that poor long-suffering wife of his to make her own home more livable, claiming that it was her endless housecleaning which drove him to a friendlier, if less tidy atmosphere.

Something is wrong with a man who leaves his home daily to visit elsewhere. He has no business taking another's children to

Malvern May Get New Plant

MALVERN, Ark. (AP) — A triple A, blue chip' industry will come to Malvern if 4,000 qualified women workers can be found, the city Chamber of Commerce said Wednesday.

The chamber opened a drive to register that many prospective employees. They would also have to receive favorable scores in a testing program.

The company, which was not identified, would be located in the Perla industrial area. No bond issue or tax increase would be required of the city.

All 4,000 women would not be employed by the plant, but the chamber said that numbers of prospective workers would have to be available.

Have you a problem? Perhaps Helen Worden Erskine can help elsewhere. He has no business taking another's children to

Frozen Beer

DETROIT (AP)—It was so cold in Detroit Thursday that only five per cent of all the city's beer trucks made deliveries, a brewery workers spokesman said.

Icy roads are bad enough," said Ed Guman of Local 38.

But, the beer would freeze, too," he added. The temperature dropped to a flat minus 13 degrees Thursday, the lowest in 29 years.

A SPECIAL INVITATION FROM Hope Auto Co.:

COME SEE... COME DRIVE THE '63 SUPER TORQUE FORD GALAXIE!

Talk about lively... it offers the look, the power and now the feel of the Thunderbird!

Here's a new smoothness you have to sample to believe. Until now, the wheels of most cars simply moved up and down as they hit bumps, ruts, holes. But the new ride of the '63

Ford Galaxie lets each wheel move back too! When a wheel hits a bump, it can move back like a fighter to soften the blow! Here's what it does for the ride: the road turns to Thunderbird velvet... cornering is sure and solid... jolts disappear—only the wheels feel the bumps! Spend 10 minutes proving it yourself—drive a 1963 Ford Galaxie today.

By KENNETH O. HAY
THE STORY: Very few unknown facts are turned up at Dr. Pruitt's inquest.

XVII

Jack Clague grinned at Matt as they met after the hearing. "The papers said you got shot at," he said. "You must be getting close."

"I wish I was as sure of it as the fellow that pulled the trigger," Matt said.

"Maybe it wasn't the killer," Clague said. "The boys on duty at the South Gate Time Office were mad enough at you to go hunting after that trick you pulled."

"I hope you weren't tough on 'em."

"You gotta be tough. There's a loophole somewhere if Pruitt's card was doctored. The only way to plug loopholes is to be tough. You won't get by with anything from now on."

"Want to bet?"

"Five bucks," said Clague.

"Taken."

Matt rode alone to the plant. He parked his car in the parking lot and entered the Time Office a little past one o'clock. Two of the three turnstiles were closed and Fairview and another security officer were on duty.

Fairview recognized Matt and nodded curtly, watching every move Matt made as he took his present.

Devotion consisted of song, prayer, pledge and motto. During the business session, plans were made for the year's activities which include preparation for the State Meeting.

After the business session, an initiation ceremony was held with ten new members being inducted into the club. Mrs. E. M. Nelson, Principal of the Hopewell Elementary School officiated.

The new members are: Brenda Williams, Flossie Walker, Earnestine Joshua, Muriel Moss, Vivian Flenory, Georgia Fellows, Margaret Williams, Gwendolyn Martin, Helen Carrigan and Wilma Cheatham.

Miss E. L. Ford, President of the senior Colition Club addressed the girls on the subject, "The Fine Qualities of Womanhood". The closing prayer was given by Rev. B. W. Carter.

The group was entertained with a social hour and pictures were made.

The net meeting will be held on the first Thursday night in February, in the home of Jewel Davis, Bama Nash, President; Jewel Davis, Secretary.

Hope 'B' Boys Wins in the County Meet

By CARTER HARDAGE

So far in the County Tournament Hope has won one and lost one. Wednesday the Junior Girls fell 32-17 to Saratoga while last night the "B" Boys whipped the Guernsey Seniors 53-32.

Hope's "B" Team went ahead of Guernsey in their game by a 12-10 margin at the Quarter, and a big 26-15 after the Half. Staying ahead 42-27 at the Third Quarter, Hope made their 53-32 triumph complete by outscoring Guernsey in every Quarter. Johnny Honeycutt was high for Hope with 12 points. Others scoring were: Wassel 11, Jordan 7, Thrash and Reinhardt 6 apiece, Mayfield 3, Henley 4, and Coop 2. Norvell scored 11 for Guernsey.

Tonight Hope's Junior and Senior Boys travel to Fairview for a tough battle with the league leaders. Saturday the same Juniors and Seniors will tangle with Crossett here. The Senior Girls go to the County Tournament tonight.

In other games the Bleivins Junior boys defeated Guernsey by a 51-20 score. The Guernsey Junior girls downed Spring Hill 44 to 30. Tonight starting at 6:30 p.m. Spring Hill Junior boys meet Bleivins and at 7:30 p.m. the Bleivins Senior boys meet Saratoga at 8:30 p.m. The finals will be played Saturday night.

No Grudge Held After Rhubarb

By THE ASSOCIATED PRESS

Wilt Chamberlain and Bob Ferry were on their good behavior Thursday night as the San Francisco Warriors beat the Detroit Pistons 138-114 and ended a 4-game losing streak in the National Basketball Association.

Chamberlain, 7-foot-1, 250-pound star of the Warriors and Ferry, 6-8, 230 of Detroit, had come to blows in the Warriors-Pistons game Tuesday. Afterwards Dick McGuire, Detroit coach, said no grudges will probably be held and it turned out he was right.

Boston snapped St. Louis' 6-game winning streak by beating the Hawks 111-109 in the other NBA game scheduled Thursday. The game was played in Providence and the crowd of 7,238 was the largest ever to see a basketball game in that Rhode Island city.

The San Francisco-Detroit game also was played on a neutral court in Bakersfield, Calif. and the turnout of 2,162 saw Chamberlain, the NBA's leading scorer, tally 58 points on 25 field goals and 8 of 11 free throws. The former Kansas All-American was given an ovation when he left with 5 minutes to play and the Warriors far ahead. Bailey Howell topped Detroit with 32 points.

Local Stars to Play Silents At Prescott

The annual March of Dimes Basketball game will be held in Prescott again this year at 8 p.m. Saturday in the Prescott Gym.

Again this year the local All-Stars will play the Little Rock Silents. Last year the Silents beat the locals 90 to 89 in a thriller and the local boys want to even it up. In case you haven't seen the Silents play ball, you have missed a treat of exceptional ball-handling they have won the AAU Olympic title three times, defeating Belgium for the title in 1957.

Starting the show at 7 p.m. will be the Prescott Lions Club playing the Delight Lions, which is always good for many laughs. Also on the program will be a cake auction, a Twister and a Twist contest for added entertainment.

Players on the Local team include Brint Odom, Wayne Loe, and David Brown all of Hope and Terry Day, All Southwest Conference Star of the University of Arkansas.

Don't forget, this is a charity event and all proceeds go to the March of Dimes. Last year some 1200 people saw the show and most of them will be back again this year. Admission is only 25 and 50 cents and the show begins at 7 p.m.

SW Conference Basketball Play Resumes

By THE ASSOCIATED PRESS

Southwest Conference basketball teams have begun a series of non-conference games after a 12-day lull for mid-term examinations that saw none in action.

Baylor journeyed to Oklahoma City Thursday to take a 78-55 trouncing from the Oklahoma City University Indians. The loss gave the Bears a 5-9 record for 14 games. They are 2-2 in the conference, tied with Arkansas, Rice and SMU behind leading Texas and second-place Texas A&M.

The University of California at Los Angeles invades Texas Tech's field house tonight for the first of a two-game set with the Red Raiders.

UCLA and Tech finish their series Saturday night when Rice entertains Trinity at Houston and Southern Methodist plays host to Oklahoma City University at Dallas.

Four more non-conference games are on tap next week before the league warfare begins anew next Saturday night with Texas A&M playing Arkansas at Fayetteville, Southern Methodist taking on Rice at Houston, Texas Christian meeting loop - leading Texas at Austin, and Texas Tech playing Baylor at Waco.

The four non-conference games match TCU and Houston at Houston, and Texas and Trinity at San Antonio Tuesday night, Texas A&M at Houston Wednesday night and Arkansas at Tulsa Thursday night.

Baylor never threatened seriously against the Chiefs. Winston Moore and Roy Wolfe led the Bears with 13 points each. Oklahoma City grabbed the lead early and raced to a 39-27 halftime margin.

Bud Roper and Gary Hill scored 21 points each for the Chiefs.

Results in Little Loop Basketball

In Little Boy's Basketball play at Jones Field House last week, Hope Auto's cool and experienced Dirt Dobbers edged an up and coming Hope Hardware team 24 to 21.

It looks like the Hardware's Cool Cats intend to be a team to be reckoned with this season as the game was tied more than it was until most of the 20 minutes playing time.

Larry Wright was high for the winners with 17 points. Doyle Brown scored 4, Larry Brown 2 and Jimmy Singleton 1. Scoring for the losers were Terry Hair with 11, George Garrett with 6, Danny Turner and Don Middlebrooks with 2 each.

In the second game, Walton-Whitman's Gulf boys stopped Owens Hot Rods 25 to 15 with a defense that let only two men score.

The game was nip and tuck for three quarters until the Bo-Diddies broke loose for 10 big points in less than 3 minutes and broke the Green team's back.

Richard Sallee led the winners with 8. Jerry Harrisfield had 7, Mike Atkins 6 and Tom Walker 4 with the scoring proving the Gulf Boys have the balance and the defense.

Robert Smith was high for the losers with 9. Joe McMurrough had 6. The Greens were certainly no pushover until was the ball game.

The League seems to be pretty evenly balanced except for the Hope Auto's slight edge in experience. The defending champions have 4 of last year's starters back.

Saturday morning at 10:00, the Reds will play the Blues and at 11:00, the Whites will play the Green team.

KANSAS CITY (AP) — Three

Arkansas basketball players were nationally ranked in NAIA statistics released this week.

Arkansas Tech ace Kenny Saylors dropped to seventh place in the nation from third in scoring. His average was 23.8 points per game. He has dumped in 340 points in 12 games.

The nation's leader in that division is Bob Johnson of Fitchburg, Mass., with a 38.3 point average. Arkansas A&M's Ron Taylor was ranked third in individual field goal shooting. He has hit 83 of 128 for .649 per cent. James Mack Allen of AM&N has hit 115 of 134 free throws for an .858 average and 15th place.

His team ranked 30th in team offense with an average of 80.9 points per game.

Morrilton Grant

WASHINGTON (AP)—The Area

Redevelopment Administration announced Wednesday a \$60,000 loan and \$188,500 grant to Morrilton, Ark. to finance construction of sewer facilities to serve an industrial site. The city also has a grant of \$75,500 from the Department of Health, Education and Welfare. The ARA said an estimated 770 direct jobs will result from the project.

No. 1 Cage Scorer Is Dedicated

By TED MEIER

Associated Press Sports Writer

NEW YORK (AP)—The nation's No. 1 major college basketball scorer is so dedicated to the sport that he practices by moonlight in the dead of night during summer vacation.

Nick Werkman of Seton Hall University, who tops the country with a 32.8 per game average, talked about his practicing moonlighting today a few hours before the Seton Hall-Boston College game at South Orange, N.J.

"I like to practice every chance I get," Werkman said, so when I'm home in Trenton during the summer and it's a nice night my brothers and I usually go over to the school yard for a shooting session."

Nick, 20, stands 6-foot-3 and weighs 190 pounds. He started playing basketball in grammar school in Trenton.

As a sophomore last season, Werkman was the No. 3 scorer in the country with a 33.0 point average in 24 games. He was topped only by Utah's Billy McGill with a 38.8 average and Jack Foley of Holy Cross with 33.3.

In the latest major college statistics, released Thursday by the National Collegiate Athletic Bureau, Werkman is No. 1 with his 32.8 average in 9 games. This compares to 28.8 for runner-up Barry Kramer of New York University and 27.3 for third place Bill Bradley of Princeton.

Werkman is a premed student and has a C-plus average in his courses.

College Cagers End Tests, Open in Full Swing

College basketball begins to move out of the semester exam doldrums tonight and returns to full scale activity Saturday with a schedule spiced by the top-ranking doubleheader of the season.

That one has Cincinnati, ranked first in the nation, going against third-ranked Illinois in the nightcap. Second-ranked Loyola of Chicago plays Santa Clara in the first of the twin bill at Chicago.

Cincinnati, two-time NCAA champ and unbeaten in 14 games this season, faces probably its biggest threat of the season in the Illinois, holders of a 12-1 record.

It was Illinois which called an official halt to the longest winning string in collegiate history, the 60 marked up by San Francisco in 1954-56 during the Bill Russell-K. C. Jones era.

Cincinnati now holds the longest current string, 32, and is closing in on the second longest in history for a major school, 37 by North Carolina in the 1957 and 1958 seasons.

High-scoring Loyola of Chicago is a top-heavy favorite to rank up its 18th straight victory at the expense of Santa Clara, 8-5 for the season, in the opener.

In major games Thursday night Miami, Fla., edged Houston 71-70 in a clash of major independents, Oklahoma City blasted Baylor 78-55, Canisius romped over Connecticut 76-65, Jacksonville, Fla., whipped St. Peter's, N.J., 105-81 and Gonzaga beat Montana State 61-52.

Tournament Nevada Co. at Cale Mon.

The Nevada County basketball tournament gets underway Monday, Jan. 28 at 6 p.m. at the Cale gymnasium and will continue until the finals on Saturday night.

However, the finals in the Junior Girls meet will be held on Friday night. Games are scheduled each night except Tuesday.

When to Fish or Hunt Solunar Tables
By John Alden Knight

The schedule of Solunar periods as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours there after. The minor periods, shown in regular type, are of somewhat shorter duration.
